

The only people who compare
a vulnerable person
to an unlocked house at risk of robbery
are people who don't understand
consent is the "lock" mechanism on sex.

I am not, by default, "unlocked."

You call women who say "yes" sluts,
women who say "no" teases,
and women who report rape liars.

What's the term for women who call for a
change in the way we discuss women's
sexual autonomy? "Feminist."

If the only time you bring up male victims of
sexual violence is when you are trying to "argue"
about the disproportionate sexual violence
faced by women, do ALL victims a favor
and STOP.

Ending rape culture helps all victims.

If walking around
half naked
caused sexual violence
why don't people get
raped at swimming pools
and beaches?

Oh right. Because it doesn't.
